FINAL DECISION AND ORDER

The parties to this proceeding for purposes of s. 227.53, Stats., are:

Manijeh Khorshidi, D.D.S.
400 Prospect Drive

Dentistry Examining Board

Division of Enforcement

The parties to this proceeding having agreed to the attached stipulation, the Dentistry Examining Board makes the following

FINDINGS OF FACT

1. Manijeh Khorshidi, D.D.S., was born on June 17, 1949, and is licensed to practice dentistry in the state of Wisconsin pursuant to license number 3729, first granted on November 24, 1986.
2. On June 3, 1994, Dr. Khorshidi provided dental services to Patient J.C., a three year old girl. The child presented a difficult patient management situation, demonstrating a high level of anxiety and fear of dental procedures.
3. The patient's father observed part of the interaction from outside the treatment area. As a result of Dr. Khorshidi's conduct toward the patient following treatment, the patient's father complained that Dr. Khorshidi had frightened the child by verbal and physical contact.

4. Dr. Khorshidi does not agree that she engaged in any unprofessional conduct in regards her conduct with Patient J.C., but she does agree that her conduct was not perceived as an educational or calming interaction.

CONCLUSIONS OF LAW

1. The Dentistry Examining Board has jurisdiction in this matter pursuant to s. 447.07, Stats.
2. Dr. Khorshidi's conduct following treatment of Patient J.C. constitutes a violation of s. 447.07(3), Stats.

ORDER

It is ordered that Dr. Khorshidi shall comply with the following protocol whenever she is treating a pediatric patient who presents a behavior management challenge:

1. Dr. Khorshidi shall request the presence of the patient's parent or guardian in the treatment area for the duration of the procedure.
2. a. Dr. Khorshidi will request that the parent/guardian speak with the child to calm the child. If successful, Dr. Khorshidi will proceed with the procedure.
- b. If the parent or guardian's attempt to calm the child is unsuccessful, Dr. Khorshidi will discuss with the parent/guardian the administration of nitrous oxide or Valium, Vistaril, or another tranquilizing or sedating medication. If the parent/guardian agrees, the sedative is administered and procedure continues. Dr. Khorshidi will request that the parent or guardian sign a consent form for the administration of the sedative before administering the sedative. Dr. Khorshidi may administer nitrous oxide if she has been trained in its use, in compliance with ch. DE 11, Wis. Admin. Code.
- c. If the parent or guardian declines to consent to the administration of a sedative, or if the sedative is unsuccessful in calming the child sufficiently for treatment to proceed without other intervention, Dr. Khorshidi may request the parent or guardian to hold the child's hands or legs to prevent the child from injuring himself or herself. If the parent or guardian is present and consents, an assistant may hold the child's hands or legs instead of the parent or guardian doing so.
- d. If it is not possible to treat the child, despite the administration of a sedative and the aid of a parent or guardian or assistant holding the child's hands or legs, Dr. Khorshidi will terminate the attempt at treatment, and either refer the patient to another dentist or re-schedule the patient for another time and another attempt at treatment. Dr. Khorshidi may also inform the parent/guardian of an option to admit the child to hospital to perform procedure under general anesthetic.

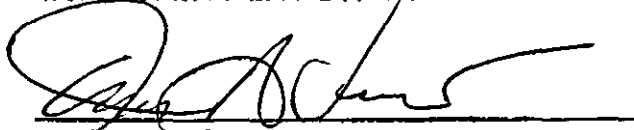

3. Whichever method is used, Dr. Khorshidi will begin the procedure by addressing the simplest task first incorporating the "Tell-Show-Do" technique.

IT IS FURTHER ORDERED that Dr. Khorshidi will pay \$1500.00 to the Department of Regulation and Licensing as the costs of this proceeding, pursuant to s. 440.22, Stats.

IT IS FURTHER ORDERED that the license previously issued to Manijeh Khorshidi, D.D.S., may be summarily suspended for any violation of this Order.

Dated this 9th day of July, 1997.
